

## Covedale Building Security

By: Kevin Hudson

September 23, 2016

To the **MIGHTY** Parents of Covedale:

I am Kevin Hudson, and I maintain the security around our wonderful facility. I first would like to start off by saying "Thank You" to all of you for your understanding and positive attitude about seeing me in the building. There have been a couple of changes that you need to know, and I would like to address them briefly.

1. I know that everyone has enjoyed having me to be at the end of the driveway, allowing you to exit in a timely manner. But... due to outside traffic concerns and liability issues, it is now decided that it is best that I **NOT** be in the street for that particular duty anymore. I already know that this is disheartening for many of you, but I would like to give you a couple of tips that can help to "get the flow moving", so that without me, we can still be out within a timely manner.

The **BEST** thing for all drivers to do is to **TURN TO THE RIGHT** when you are at the end of the driveway. Doing this will maximize the flow of traffic through the whole one way procedure... morning or afternoon.

If you are parking and dropping off your child on Sidney Road, please have your child cross at the cross walk. This is just for the safety of all involved. Also, be mindful of your car, that it is not in the way of other drivers as you are dropping off, as well as your distance from our Crossing Guards. All of us have the best interests and safety of all children involved.

2. Please parents.... If you have a child that rides a bicycle to our school, please make sure the bicycle can be secured with a lock. We like to be more proactive than having to be reactive.

Thank you all for your time, patience and concern. Now, let's be safe out there!!
